Dear all,

IAB is celebrating the 62<sup>nd</sup> Republic Day of India on February 05, 2011, at the Sweet Home High School auditorium. This year's cultural program focuses on contributions of India to the world. Our theme is "Shoonya se Anant tak" (from 'zero' to 'infinity'), honoring Aryabhata's discovery of "zero" to India's progress in space exploration. Performances would portray India's contribution to diverse fields such as Mathematics, Science, Arts, Spirituality and many more.

We welcome you all to this event and hope to see you there with friends and family.
